City Administrator's Budget Message

April 22, 2021

Dear Mayor, Council and Citizens of Lowell:

I am pleased to present the Fiscal Year 2020-21 Budget for the City of Lowell, Oregon. This budget has been thoughtfully prepared to facilitate the implementation of City Council priorities and the ongoing provision of services to Lowell residents. The total budget appropriations for 2020-21 are \$3,481,998, which represents a 18% decrease from the 2020-21 Budget. An additional \$57,858 has been reserved for future expenditure or to meet debt obligation requirements.

Key Policy Issues

Staff identified several key policy issues to be addressed in the 2020-21 Budget. These were developed to take a broader look at the implications of the funding for the proposed and subsequent budget years. The following points summarize these issues:

- **Maintaining the current property tax rate.** The City of Lowell has a property tax rate of \$2.16 per \$1,000 in taxable value. This is the lowest property tax rate of any municipality in Lane County. Reducing the pressure on property taxes was a key consideration in developing the 2020-21 Budget.
- **Maintaining financial stability.** In April 2016, the City Council adopted Resolution 644, which established criteria to assess the financial health of the City. The policy sets a minimum reserve of 17% (3 months) of budgeted operating expenditures. For 2020-21, the General, Water, Sewer and Street funds are projected to exceed the minimum reserve requirement.
- **Emphasizing training and innovation.** A common theme that has emerged in recent years is that governments are going to have to find a way “to do more with less”. To make this happen requires well-trained employees that are engaged in their profession. This proposed budget increases our investment in employee training and development.
- **Investing in infrastructure.** The proposed budget includes significant investments in public infrastructure, including smart water meters; repaving Main Street from Pioneer Street to Moss Street; repaving Lakeview Avenue from Pioneer Street to Moss Street; replacement of two water mains; development of the Cannon Street Festival Area; development of the Maggie Osgood Library; development of Rolling Rock Park, Paul Fisher Park, and the Railroad Corridor Trail. Total investment is estimated at \$1,474,059, which is comprised of \$514,243 in grant funds and \$959,816 in City funds.

Economic Outlook

Certain assumptions are made when developing the budget. Chief among them is the broader economic outlook, which impacts projected revenues and expenditures. Typically, staff utilizes data and analysis from the Oregon Office of Economic Analysis and U.S. Bureau of Labor Statistics to develop an assessment for the following year. These analyses are not particularly useful in the year of COVID-19. The only certainty is that U.S. economy is in a recession and will be volatile until the virus is contained and/or there is a more predictable state and federal response.

Growth Indicators

There are several indicators of growth tracked by staff each year. These include population, assessed value, and housing starts:

Indicators	2015	2016	2017	2018	2019
Population	1,065	1,070	1,070	1,075	1,090
Assessed Value	62,765,290	64,476,416	66,927,562	69,015,734	71,684,509
Housing Starts	3	1	7	8	6

Opportunities and Challenges

As we look toward the next budget year there are several notable opportunities and challenges the City may experience:

- **Lowell School District enrollment.** In 2018, Lowell Junior/Senior High School was ranked a Top 20 high school in Oregon. Continued improvement in the classroom and facilities has led to a steady increase in enrollment. The success of the District has resulted in additional housing starts and staff anticipates growth will accelerate in FY 2020-21 as school capital projects are completed.
- **Housing Shortage.** The City continues to experience a housing shortage. The City Council approved an SDC deferral program to reduce upfront development costs. The Economic Development Committee will work to identify additional low-cost measures to accelerate housing development. A 26-lot development was approved on April 21, 2020 by the City Council, with an additional 17-lot subdivision in the application process.
- **Federal Grants.** There may be several federal grant opportunities over the next year to make up for revenue losses from COVID-19 and to fund infrastructure and stimulate the economy. The proposed budget includes match funding and adequate reserves to respond to grant opportunities as they arise.

Level of Service

Each year the goal during the budget process is to improve services within our budget constraints. For the 2020-21 year, the following service enhancements are proposed:

- **Library Operations.** The budget includes funding for a part-time (16 hours per week) Librarian to manage daily operations, recruit, and train volunteers. Additional funding is also provided for digital media and regular programming.
- **Parks Maintenance.** The City purchased a tractor with attachments in 2019 and a new commercial zero-turn mower in 2020. The proposed budget includes funding part-time/temporary help during the mowing season to improve turf and trail maintenance.
- **Street Maintenance.** An allocation of \$10,000 is included for crack and slurry sealing. This is in addition to the two street repaving projects. The tractor will also be used to maintain gravel streets and alleys.

As shown in the table above, the 2020-21 Budget anticipates collecting \$3,009,088 in revenues, which excludes estimated beginning cash balances and transfers. This represents a \$82,641, or 3%, increase over the 2019-20 Budget. Major changes in revenue include the following:

- \$214,243 – Budgeted grant funding for Rolling Rock Park Improvements
- \$210,000 – Budgeted grant funding/donations for Maggie Osgood Library Improvements
- \$90,000 – Budgeted grant funding for smart water meters
- \$601,034 – Loan proceeds for Rolling Rock Park, Paul Fisher Park, water meters, Main Street and Lakeview Avenue, water main replacement, and Cannon Street Festival Area.

Total Requirements	4,264,085	1,051,092	1,356,949	1,423,569	4,264,085

As shown in the table above, total expenditures for the 2020-21 Budget are significantly higher than the 2019-20 Budget. Expenditures are budgeted at \$4,264,085, for an increase of \$2,907,136, or 214%. This amount does not include transfers, reserves, or contingency. Major changes in expenditures include the following:

- \$474,483 – Budgeted for Rolling Rock Park Improvements
- \$301,470 – Budgeted for Maggie Osgood Library Improvements
- \$310,291 – Budgeted for the Cannon Street Festival Area
- \$200,000 – Budgeted for an automated meter reading system
- \$300,000 – Budgeted for repaving Main Street and Lakeview Avenue
- \$609,429 – SDC funds budgeted as Capital Outlay instead of held in Reserve

It important to note that, while funds may be appropriated and available for capital expenditure, the City does not plan to use the entire appropriations. These items are budgeted to provide capital project and equipment funding, including grant matching funds, and may only be expended on capital purchases with the prior approval of the City Council.

Capital Improvement Plan (CIP)

The CIP is a five-year plan designed to improve the City's buildings, infrastructure and equipment. Projects and equipment included in the plan have an acquisition cost more than \$5,000. Smaller equipment purchases are included in the budget as non-capitalized assets. The proposed 2020-21 CIP includes \$1,474,059 in projects and equipment.

Debt Management

All external debt issues have been compiled into an annual debt service schedule (see Appendix). For 2020-21, the City will have a debt service of \$154,986 of which \$40,348 will be paid from the General Fund, \$64,093 from the Water Fund, and \$50,545 from the Sewer Fund.

Conclusion

Over the last four years we have made notable improvements in our financial operations, parks maintenance, water and sewer treatment. This trend will follow into the 2020-21 Budget year. Staff will invest more time in training and remain engaged in our field-specific professional associations to learn new skills and techniques. Our budget document will continue to evolve as well, becoming more of a tool to evaluate the performance of departments and programs. Through this culture of innovation and, hard work, we will provide the highest level of service at the lowest possible cost to the citizens of Lowell.

Acknowledgements

The services we provide are only as good as the people we have working with us. We have a very dedicated and experienced workforce. On behalf of all our employees, we would like to express our appreciation and gratitude to the City Council for their service to the Lowell community. A special thank is also extended to our advisory boards and many volunteers for their dedication and support. We look forward to implementing the Fiscal Year 2020-21 Budget within the parameters herein established.

Respectfully submitted,

Jared Cobb
City Administrator

General Fund

Non-Departmental

Overview

The Non-Departmental organizational unit is used to fund expenditures that are not allocated to a specific department, division, or program. This includes debt service, interfund transfers, contingency, and reserves for future expenditures. In certain circumstances, this organization unit may also be used to fund capital outlay expenditures.

- Debt Service – The City will make its first loan payment on the new Library in April 2020.
- Interfund Transfer – Transfers to the Equipment Fund were suspended in 2020. Shared vehicles and equipment will be allocated and charged directly to the operating funds.
- Contingency – This amount represents the projected cash carryover in the General Fund. Upon City Council approval, a transfer of up to 15% of General Fund expenditures is permissible during the budget year to cover unanticipated expenditures.
- Reserved – In 2015, property was donated to the City for a future public park. Funds were also donated for annual maintenance. Annually, the City expends approximately \$500 for mowing and trimming the property. The \$2,500 Reserve represents the funds held in reserve for future maintenance.

Overview

The Blackberry Jam Festival is a family-friendly festival held each year the last full weekend in July. The purpose of the event is to provide exposure to Lowell's many recreational opportunities and community spirit, a marketplace for local crafters and food vendors, a venue for local non-profit fundraising activities, and to increase tourism in the City of Lowell, surrounding communities, and Lane County.

2019-20 Accomplishments

- Increased footprint of main event area south to Main Street.
- Started accepting credit cards for BBJ activities at City Hall and at the event.
- Added beer and wine garden.

2020-21 Work Plan

- Research opportunities for improving Wi-Fi service at the event for vendors.
- Increase number and variety of food vendors.

Overview

Historically, this fund has been used cover expenditures for vehicles and equipment that are shared by multiple departments. To improve accounting for fixed assets, staff, in consultation with the auditor, decided to suspend purchases directly from the Equipment Fund in 2020. The remaining fund balance will be transferred to the funds where they originated – General Fund, Water Fund, Sewer Fund, and Street Fund.

CIP Project Request Form**2021****Title:** Automated Meter Reading System**Details:**

Department	<u>Public Works</u>	Contact Person	<u>Max Baker</u>
Division	<u>Water</u>	Original CIP Year	<u>2020</u>

Description:

This project will implement an automated meter reading system. Manual meter readings would be replaced by a fixed base radio read network, whereby the City Clerk would be able to download meter reads and upload them directly into the utility billing software.

The City maintains 462 water meters. Of these, 56 have been replaced since 2006 with digital, radio-read capable meters. Depending on age and condition, meters would be retrofitted or replaced with AMI compatible equipment.

Justification:

This project aims to address two issues:

-The City has an aging stock of water meters. Approximately 75% of meters are over 30 years old or the age is unknown. Meters greater than 30 years old only measure approximately 80% of water consumption, whereas new meters capture over 99%.

-The project will save a considerable amount of staff time. Currently, it takes approximately 24 hours for staff to read meters, and an additional 5 hours to manually enter readings into the utility billing system.

CIP Project Request Form**2021****Title:** Maggie Osgood Library Improvements**Details:**

Department	<u>Administration</u>	Contact Person	<u>Jared Cobb</u>
Division	<u>Library</u>	Original CIP Year	<u>2020</u>

Description:

The City purchased a 2,800 square foot building and 1.15 acres of property from the Lowell Congregation of Jehovahs Witnesses in 2019. This project will renovate the existing building to serve as the permanent home of the Maggie Osgood Library and temporary City Hall. A new City Hall is planned to be built on a section of the property fronting North Shore Drive.

Justification:

The existing City Hall and Library building is in poor condition. Approximately half of the building has been condemned due to structural damage. The facility also lacks HVAC and requires significant plumbing, electrical, and ADA improvements.

CIP Project Request Form**2021****Title:** Rolling Rock Park Improvements - Phase 1**Details:**

Department	<u>Public Works</u>	Contact Person	<u>Max Baker</u>
Division	<u>Parks & Recreation</u>	Original CIP Year	<u>2020</u>

Description:

The project will develop a central park for community activities and events. This includes the installation of irrigation, turf, playground, amphitheater seating, walking paths, large shelter, restrooms, and interpretive exhibits.

Phase 1 of the project includes the property grading and new irrigation system, sidewalks, playground, and parking.

Justification:

The project advances the vision and goals of the Downtown Master Plan to create a vibrant downtown district. This project was identified in the Parks and Recreation Master Plan as the highest priority.

Department	<u>Public Works</u>	Contact Person	<u>Max Baker</u>
Division	<u>Parks & Recreation</u>	Original CIP Year	<u>2021</u>

Description:

The Parks and Recreation Master Plan includes a basketball court, horseshoe pits, two shelters, two shade structures, enlarged playground area, sidewalks, parking area, security cameras, new landscaping and irrigation.

Ph

ase 1 includes property grading, new irrigation system, new turf, and replacement of the playground perimeter wall.

Justification:

The amenities included in the master plan were drawn from the 2007 Parks & Open Space Master Plan, Parks and Recreation Committee meetings, and through the community meeting. These improvements will provide new activities for youth, space for neighborhood gatherings, playground safety improvements, and parking improvements.

CIP Project Request Form**2021****Title:** Cannon Street Festival Area**Details:**

Department	<u>Public Works</u>	Contact Person	<u>Max Baker</u>
Division	<u>Streets</u>	Original CIP Year	<u>2020</u>

Description:

The project would extend Cannon Street from Main Street to North Shore Drive and include sidewalks, street trees, and lighting. During events, the street could be closed off with bollards or planters to provide additional space for vendors. This is particularly important for rolling vendors (i.e. food trucks) that may otherwise damage the turf in the park.

Justification:

The Downtown Master Plan identified the project as a priority. The extension of Cannon Street would separate the new "central park" from the eastern section of Rolling Rock Park and improve the infrastructure for existing and prospective downtown businesses.

CIP Project Request Form**2021****Title:** Railroad Park - Phase 1**Details:**

Department	<u>Public Works</u>	Contact Person	<u>Max Baker</u>
Division	<u>Parks</u>	Original CIP Year	<u>2018</u>

Description:

The project will construct a trail system and supporting facilities on a 7.73 acre parcel to the immediate south of the Sunridge Subdivision. The initial phase includes the development of construction documents, tree thinning, and rough grading of the primary trail.

Justification:

The project is included in the Parks and Recreation Master Plan. While the project as a whole is considered a lower priority, the property is currently unmaintained and considered a potential wildfire hazard. The initial phase of the project has been planned to address this hazard and make minor trail improvements to open the property for public use.

CIP Project Request Form**2022****Title:** Tree Planting in 4th Street Swale**Details:**

Department	<u>Public Works</u>	Contact Person	<u>Max Baker</u>
Division	<u>Stormwater</u>	Original CIP Year	<u>2018</u>

Description:

Planting of native Oregon Ash and/or Oregon white oak trees along the existing drainage swale that lies between the parallel 60" pipes at Moss Street and 4th Street and the five 24" culverts that lie approximately 120 feet to the west.

Justification:

The 2008 Stormwater Master Plan recommended the planting to improve water quality in the drainage basin. Although this swale has adequate grass to provide filtering it has no protection from the sun. It is recommended that native trees be planted to provide shade.

CIP Project Request Form**2022****Title:** Gateway Signage**Details:**

Department	<u>Administration</u>	Contact Person	<u>Jared Cobb</u>
Division	<u>Streets</u>	Original CIP Year	<u>2022</u>

Description:

Gateway signage, either as monument or pillar signs. Wayfinding signage would include a decorative pole with multiple blade signs showing the direction of points of interest.

Justification:

The Downtown Master Plan identified gateway and wayfinding signage as a Priority 1 project (Years 1-5). Gateway signage would identify and beautify the entrances into town. Wayfinding signage would assist visitors with navigating to key points of interest, such as boat/kayak launches, library, City Hall, and parks.

CIP Project Request Form**2022****Title:** Vehicle Replacement**Details:**

Department	<u>Public Works</u>	Contact Person	<u>Max Baker</u>
Division	<u>Equipment</u>	Original CIP Year	<u>2021</u>

Description:

Staff has prepared a vehicle replacement plan. This plan uses a ten year replacement schedule for vehicles, which requires approximately \$3,000 per year from each of the operating funds. This CIP request is to replace the 2001 Ford Ranger with a 3/4 ton crew cab.

Justification:

CIP Project Request Form**2023****Title:** Utility Vehicle**Details:**

Department	<u>Public Works</u>	Contact Person	<u>Max Baker</u>
Division	<u>Parks</u>	Original CIP Year	<u>2021</u>

Description:

Utility Vehicle (i.e. John Deere Gator) for parks and street maintenance.

Justification:

Small utility vehicle can be used with turf tires for regular parks maintenance, including removing litter from park property, refuse from trash receptacles, and cleaning restrooms. For parks maintenance, they offer the advantage of being able to traverse park property without damaging turf and irrigation systems. They may also be used for cleanup and litter control along City streets and right-of-ways.

Department	<u>Public Works</u>	Contact Person	<u>Max Baker</u>
Division	<u>Parks & Recreation</u>	Original CIP Year	<u>2019</u>

Description:

In 2016, the City contracted with a landscape architect to work with the Parks and Recreation Committee to develop a master plan for Paul Fisher Park. The contractor developed two concept plans with input from the Committee. Subsequently, a community meeting was held to solicit public comment. The input received from the meeting was incorporated into a new draft of the master plan, which was reviewed and recommended to the City Council.

Ph

Description:

Installation of curb inlets and piping to connect to the existing storm drainage system on Loftus Avenue or the 36" pipe within Moss Street. The preferred route will depend on the size and condition of piping within Loftus Avenue and the condition of the piping within Moss Street.

Justification:

At the intersection of Everly Street and East Main Street there is an existing low point which does not drain and causes large puddles within the roadway. The water becomes several inches deep and is in an area with curbs and sidewalk.
